Instructions

1. Make your way through the exhibition. Can you find each artwork shown here? Look at the colours Mirka Mora has used as inspiration for the doll you will create.
2. Head to the MIRKA+ space on the ground floor of the Museum. Our Visitor Experience Officers can help you find it.
3. Use the pencils provided to colour in each element of your doll, then carefully cut around the outlines with scissors. Use paper fasteners (or glue) to attach each element together—head to body, body to legs, and so on.
4. Your doll is complete! You can take it home with you or hang it up in the MIRKA+ space for others to enjoy!

The **Jewish Museum of Australia**, in partnership with **William Mora Galleries** and supported by **Heide Museum of Modern Art**, is proud to present **MIRKA**—an intimate, previously unseen view into the rich and fascinating life of the late **Mirka Mora (1928–2018)**.

Take inspiration from Mirka Mora's paintings, drawings, tapestries and objects to create your own articulated paper doll.

Join us at the Jewish Museum of Australia and discover a world full of angels, birds, snakes and magical beings.

Visit jewishmuseum.com.au for details and tickets.
